

ACROBAT RAKES

Metkarsan Hay Rakes, Rotary Rakes and Acrobats can move large volumes of crop. They are designed to gather the crop smoothly along the wheels while forming a uniform windrow. The arms enable rake wheels to follow ground contour, and adjustable ground pressure allows each rake beam to adapt to various crops and conditions. Our Model: 3 Wheel Hay Rakes, 4 Wheel Hay Rakes, 5 Wheel Hay Rakes, Rotary Rakes and Acrobats.
